From The Principal

I would like to start this week’s Newslink with some reminders about the safety of our whole school community when travelling to and from school and on the grounds. We endeavour to have rules which provide a safe environment for all. These rules include how we treat on another, respecting the property of others and safety. We have included some information in this edition about school bus speed limits and safe car parking in the hospital car park. Please take the time to read this information and respect the rights of hospital visitors and patients. We have also had some vehicles speeding within the school zone and past school buses and remind parents of the 25 km limit in these areas.

This week the last of our parent information nights are being held and I thank everybody for their attendance. Establishing good communication links and getting information about how your child’s new class operates is essential for a good start to the year.

Another really good way to know and understand what happens in the classroom and school is to volunteer to help in a variety of ways. This can be a regular weekly time or may only be once a month or term. Check with your child’s teacher to see what you can do to help.

We are also very keen to have more parents, grandparents or other family members involved in our extensive garden project. If you are keen to help in this area with a variety of classes and students please contact the front office for further information. Being actively involved in your school has many positive outcomes not only for students but the whole school community.

Adelaide Crows Visit

On Monday this week we were lucky to have three Adelaide Crows players visit our school. Students from years 5 — 7 listened to Bernie Vince, Lewis Johnston and Rory Atkins speak briefly about being a footballer at AFL level — training and diet requirements. They then invited questions from the students. They finished the session with an accuracy kicking competition which was fun for all!

Parking in the hospital car park.

Please DO NOT use the hospital car parks that have been specially sign posted as reserved for hospital visitors including the disabled car parks.
The hospital is having instances where the elderly have been unable to find a car park in the afternoon and have had to leave.
We would also like to remind students who are using the hospital as a thoroughfare between the School and DeCourcey Street not to ride bikes or scooters through the hospital grounds. If walking in this area please be aware of the dangers of cars reversing in the car park and the elderly who are trying to negotiate the pathways between Charla, Community Health and the Hospital.
